

RATIONALE

Echuca College uses the Internet as a learning tool to improve student learning outcomes by increasing access to worldwide information. The school embraces the benefits of technology and is committed to reducing students' exposure to cyber-risks (such as cyberbullying, online sexual predation, sexting, identity theft and fraud) when using the Internet, mobile phones and other electronic personal devices. This policy should be read in conjunction with the 'Echuca College eSmart Use of ICT Guidelines'.

PURPOSE

The aim of the policy is to:

- Establish an eSmart culture which is in keeping with the values of the school and the expectations outlined in the Echuca College 'eSmart Use of ICT Guidelines' and the Echuca College Student Engagement and Wellbeing Policy which includes actions and consequences for inappropriate behaviour.
- Educate Echuca College students to be smart, safe, responsible and ethical users of digital technologies.
- Recognise that explicitly teaching students about safe and responsible online behaviour is essential in the lives of students and is best taught in partnership between home and school.
- Achieve accreditation as an eSmart school by meeting all criteria as outlined in the eSmart System Tools.

6. Echuca College will supervise students when using digital technologies for educational purposes and provide a filtered internet service whilst acknowledging that full protection from inappropriate content can never be guaranteed.
7. Echuca College will respond to issues or incidents that have the potential to impact on the wellbeing of our students.
9. All incidents of Cyberbullying must be referred to the Principal, Assistant Principal and the ICT Manager for investigation and any action taken will be in line with the Student Engagement and Wellbeing Policy.
